

Welcome

to our 54th Annual Show

The TVPPA was founded in 1963 by a group of steam enthusiast from, the Tuscarawas Valley. Our first "Show" was held August 8 & 9, 1964 at the Tuscarawas County Fairgrounds. The show expanded to a three day show in 1966. Of our forty-eight Charter Members only Melvin Ludy remain. Over the years many things have changed, yet our purpose as an organization has not. "For the preservation and perpetuation of antique power equipment and to further the public appreciation of Antique Americana". Hence our slogan, **"Preserving the Past, Educating the Future"**

We hope you enjoy the various displays at our show this year, and we want to thank you for supporting us over the past 53 years. We also want to say thank you to our current and past Officers, Board Members, Thesherman, Queens, and Active Members, all who have done so much through the years to keep this show alive for all of us to enjoy. Congratulations to everyone involved — 54 years is something to be proud of.
